# We recommend good habits

TO EXTEND THE LIFE OF OUTDOOR PRODUCTS

We recommend keeping outdoor furniture in covered, dry areas to limit weather exposure. While weather-resistant, materials may fade in direct sunlight over time.

Wash and oil furniture before storing it for longer periods, like autumn and winter, to extend its lifespan.

Place flowerpots, lanterns, and small decorations where they won't be damaged by bad weather, or store them covered or indoors when not in use.

Empty flowerpots and watering cans in winter to prevent frost damage.
